CONTENTS

No. 39 - Sep. 2026

1 **Nguyen Thi Huyen Trang, Pham Quang Hiep, Tran Dang Hung, Nguyen Thi Minh Hang, Le Phuong Ha, Dao Thi My Linh, Nguyen Van Ha, Nguyen Thi Kim Thanh:** Habitat suitability modeling for orange (citrus) cultivation with an organic agriculture orientation under the impact of climate change in Phu Tho Province

11 **Doan Minh Hoang, Nguyen Thi Hai, Ta Thi Hoai, Nguyen Thanh Nam, Nguyen Thi Hoang Ha:** Vulnerability assessment of households to natural hazards: a case study of an ethnic community in Lao Cai Province, Viet Nam

23 **Nguyen Thanh Cong, Tran Thuc:** Designing Viet Nam's carbon market for the energy sector: interactions among the carbon price, free allocation, and net ETS value pass-through into electricity prices

32 **Bui Thi Khanh Hoa, Do Thi Anh Huyen, Nguyen Vinh Thu, Nguyen Viet Hung:** Spatial consistency quality control of daily surface air temperature observations in Viet Nam using inverse distance weighting and random forest

45 **Le Ngoc Quyen, Pham Ho Quoc Tuan, Doan Thi Truc Man, Nguyen Minh Giam, Nguyen Nam Duc:** IoT-Enabled hydrometeorological monitoring networks: architecture, performance assessment and implementation challenges in Viet Nam

57 **Dang Tran Duc Minh, Nguyen Tien Giang, Khuong Van Hai, Do Thi Ngoc Bich:** Quantifying naturalized streamflow entering Viet Nam from the upper Red River basin using the VIC-3L model

68 **Nguyen Thi My Linh, Tran Duc Thien, Le Trung Kien, Trinh Nhu Trang:** Application of multi-criteria decision-making (MCDM) to support effective flood-season operation of the multi-reservoir system in the Ma River basin

80 **Nguyen Thao Hien, Pham Thanh Long, Nguyen Van Hong, Chau Thanh Hai:** Deriving short-duration design rainfall from daily rainfall for urban drainage assessment in a data-scarce area

91 **Pham Van Tien, Le Quoc Huy, Phung Dang Hieu, Dang Minh Hoang, Nguyen Hong Hanh, Nguyen Thi Lan, Nguyen Van Khanh:** Assessing the performance of the coupled SCHISM-WWM model in total water level forecasting along the Thanh Hoa - Nghe An coast in 2025

105 **Tran Thi My Hong, Le Duc Quyen:** Evaluation of near-surface potential temperature (GLORYS12V1) against in situ observations in the Viet Nam East Sea

115 **Vu Thi Hoai Thu:** Surface-water-quality dynamics in the Mekong Delta under pollution pressures and altered flow regimes

125 **Le Van Tien Hung, Trieu Anh Ngoc, Vu Thi Hoai Thu:** Hydrochemical and stable-isotope signatures of groundwater in the Vietnamese Mekong Delta: aquifer-scale differentiation, uncertainty and management orientations

137 **Vu Dinh Hieu, Nguyen Thi Thuy, Nghiem Van Tuan, Nguyen Cao Van:** Assessment of beach plastic waste pollution using the clean coast index: evidence from Thanh Hoa Province, Viet Nam
